SEO / ACCESSIBILITY | IMPLEMENTATION REPORT

Alt text implementation

12 websites - logos, testimonials, blog thumbnails

Prepared for TL - 17 August 2026

What was done

The royalvisa.ae alt-text prompt was applied as a method, not copied as royalvisa-specific markup. Each site was audited for the same three issue types: (1) sitewide logo, (2) shared testimonial images, (3) blog-hub thumbnails. Shared header/footer chrome was edited once so inner pages inherit the fix. Decorative images (star ratings, menu icons) were left with empty alt="", which is correct.

Scope

connectresources.ae, connectzone.ae, connectfz.com, connecthr.ae, mbs-consultancy.com, peomiddleast.com, payrollmiddleast.org, freelancerdxb.com, kpmpro.ae, snapsale.ae, saudicompanyformation.com, movey.ae.

Rules followed

- Fix shared chrome once - do not repeat the same logo edit in every cleaned HTML page when applySharedChrome injects header/footer.
- Homepage is excluded from shared chrome on several sites, so homepage.cleaned.html received the same unique mapping only where needed.
- Do not overwrite alts that were already descriptive.
- Blog listing JS that rendered alt="" now uses the post title (one file per site, covers every thumbnail).
- Stars / rating SVGs remain alt="" because the rating is stated in nearby text.

Website status at a glance

Website	Logo	Testimonials	Blog hub
connectresources.ae	Fixed (chrome)	N/A in chrome	Already OK
connectzone.ae	Fixed (chrome)	N/A in chrome	Already OK
connectfz.com	Already OK	N/A in chrome	Already OK *
connecthr.ae	Fixed (chrome EN+AR)	N/A in chrome	Already OK
mbs-consultancy.com	Fixed (chrome)	N/A in chrome	Already OK
peomiddleast.com	Fixed (chrome+home)	N/A in chrome	JS title alt
payrollmiddleast.org	Footer logo fixed	John Anderson photo	JS title alt
freelancerdxb.com	Already OK	4 named photos	JS title alt
kpmpro.ae	Fixed (chrome+home)	N/A in chrome	JS title alt
snapsale.ae	Already OK	Client photos	JS title alt
saudicompanyformation.com	Footer logo fixed	Already named	JS title alt
movey.ae	Fixed (chrome+home)	N/A in chrome	JS title alt

* connectfz.com logos/ISO were already correct; only footer social icons were missing usable alt text.

connectresources.ae

DONE

Connect Resources

FIX 1 - Sitewide logo

Sitewide header + footer logos now alt="Connect Resources". ISO 9001/14001 and In-Country Value badges, media strip, and social icons updated in shared chrome only (src/data/header.html, footer.html).

FIX 2 - Testimonials / reviews

No shared testimonial slider with missing photo alts in chrome. Decorative mega-menu icons left as alt="" (correct).

FIX 3 - Blog hub thumbnails

Blog cards already used the post title as alt via src/lib/blog-card-html.ts - no change.

Files touched (unique sources)

- `src/data/header.html`
- `src/data/footer.html`

Unique alt attributes added or corrected

Image file	New alt text
Featured-on.png	Featured on
Logo-Connect-Resources-Intense-red-1-1-e1761843890948.png	Connect Resources
logo-Connect-Resources-White.png	Connect Resources
Certified-ISO-14001-2015-Connect-Resources-1.png.png	ISO 14001:2015 Certified
Certified-ISO-9001-2015-Connect-Resources-1.png.png	ISO 9001:2015 Certified
In-Country-Value.png.png	In-Country Value programme
Link.svg	Instagram
Link-1.svg	LinkedIn
Link-2.svg	Facebook

Note

Highest-leverage chrome-only fix. One source covers every page.

connectzone.ae

Connect Zone

DONE

FIX 1 - Sitewide logo

Empty header logo (white-logo.png) set to alt="Connect Zone". Second header logo already had this alt and was left unchanged. Footer ISO 9001/14001 and In-Country Value badges updated.

FIX 2 - Testimonials / reviews

No empty testimonial photos in shared chrome.

FIX 3 - Blog hub thumbnails

Blog cards already used the post title as alt - no change.

Files touched (unique sources)

- `src/data/header.html`
- `src/data/footer.html`

Unique alt attributes added or corrected

Image file	New alt text
white-logo.png	Connect Zone
Certified-ISO-14001-2015-Connect-Resources-1.png	ISO 14001:2015 Certified
Certified-ISO-9001-2015-Connect-Resources-1.png	ISO 9001:2015 Certified
In-Country-Value.png	In-Country Value programme

Note

Did not overwrite the header logo that already had a correct alt.

connectfz.com

Connect FZ

DONE

FIX 1 - Sitewide logo

Header/footer logos already had alt ("Connect Free Zone" / "Connect FZ"). ISO badges already had descriptive alts. No logo change.

FIX 2 - Testimonials / reviews

No empty testimonial photos in shared chrome.

FIX 3 - Blog hub thumbnails

Blog cards already used the post title as alt - no change.

Files touched (unique sources)

- `src/data/footer.html`

Unique alt attributes added or corrected

Image file	New alt text
bxl-facebook-square.png	Facebook
bxl-linkedin-square.png	LinkedIn
bxl-Instagram-square.png	Instagram

Note

Only footer social icons needed work: Facebook, LinkedIn, Instagram (alt was a blank space).

connecthr.ae

Connect HR

DONE

FIX 1 - Sitewide logo

Header, home header, Arabic variants, and footer logos set to alt="Connect HR". App Store / Play Store badges, contact announcement bar, and ISO icon updated in shared chrome (EN + AR).

FIX 2 - Testimonials / reviews

No empty testimonial photos in shared chrome.

FIX 3 - Blog hub thumbnails

Archive loop already injects each post title as alt (src/lib/blog-shell.ts) - no change.

Files touched (unique sources)

- `src/data/header.html`
- `src/data/header-home.html`
- `src/data/header.ar.html`
- `src/data/header-home.ar.html`
- `src/data/footer.html`
- `src/data/footer.ar.html`

Unique alt attributes added or corrected

Image file	New alt text
logo-connect-hr.png	Connect HR
Play-Store.svg	Get it on Google Play
App-Store.svg	Download on the App Store
white-logo.png	Connect HR
Announcement-Bar.jpg	Contact Connect HR
Mobile-app-store-badge.png	Download on the App Store
Mobile-app-store-badge-1.png	Get it on Google Play
ISO-Icon1_5x.webp	ISO certified

Note

Lazy-load placeholders and noscript fallbacks were updated together so the rendered image always has alt.

mbs-consultancy.com

MBS Consultancy

DONE

FIX 1 - Sitewide logo

Header and footer logo-mbs.png set to alt="MBS Consultancy".

FIX 2 - Testimonials / reviews

No empty testimonial photos in shared chrome.

FIX 3 - Blog hub thumbnails

Blog cards already used the post title as alt - no change.

Files touched (unique sources)

- `src/data/header.html`
- `src/data/footer.html`

Unique alt attributes added or corrected

Image file	New alt text
logo-mbs.png	MBS Consultancy

Note

Two shared files; sitewide coverage.

peomiddleast.com

PEO Middle East

DONE

FIX 1 - Sitewide logo

Shared chrome header/footer logos set to alt="PEO Middle East" (replaced weak WP auto-alt). Homepage keeps its own chrome, so the same unique mapping was applied there only. Social icons (Facebook/LinkedIn/Instagram) and MOHRE badge updated.

FIX 2 - Testimonials / reviews

No empty client-photo testimonials in chrome.

FIX 3 - Blog hub thumbnails

Blog listing JS now uses the post title as thumbnail alt (was alt="").

Files touched (unique sources)

- `src/legacy/chrome/header.html`
- `src/legacy/chrome/footer.html`
- `src/legacy/homepage.cleaned.html`
- `public/js/peomiddleast-blog-listing.js`

Unique alt attributes added or corrected

Image file	New alt text
logo-peomiddleast-com-color.png	PEO Middle East
ins.png	Instagram
in.png	LinkedIn
fb.png	Facebook
logo-peomiddleast-com-color-2.png	PEO Middle East
mohre-logo@2x-300x79.png	MOHRE
(blog listing JS)	post.title

Note

Inner pages pick up chrome via applySharedChrome - logos were not edited in every cleaned HTML file.

payrollmiddleast.org

DONE

Payroll Middleast

FIX 1 - Sitewide logo

Header logo already had alt="Payroll Middleast". Footer logo (logo-Payroll-Middleast@4x.png) was empty - set in shared chrome + homepage.

FIX 2 - Testimonials / reviews

Homepage testimonial photo Testimonial3.png: alt "Image" replaced with "John Anderson, Payroll Middleast client" (name taken from adjacent text).

FIX 3 - Blog hub thumbnails

Blog listing JS now uses the post title as thumbnail alt.

Files touched (unique sources)

- `src/legacy/chrome/footer.html`
- `src/legacy/homepage.cleaned.html`
- `public/js/payrollmiddleast-blog-listing.js`

Unique alt attributes added or corrected

Image file	New alt text
logo-Payroll-Middleast@4x.png	Payroll Middleast
Testimonial3.png	John Anderson, Payroll Middleast client
(blog listing JS)	post.title

Note

Star rating in the testimonial is text (not an image).

freelancerdxb.com

DONE

Freelancer DXB

FIX 1 - Sitewide logo

Site logo already had alt="Freelancerdxb". ISO strip Logos-iso-2.png set to "ISO certifications".

FIX 2 - Testimonials / reviews

Testimonial photos updated with reviewer names from nearby copy: Sarah, Ahmed, John, Daniel. Stars.svg left as alt="" (decorative; rating is stated in nearby text).

FIX 3 - Blog hub thumbnails

Blog listing JS now uses the post title as thumbnail alt.

Files touched (unique sources)

- `src/legacy/homepage.cleaned.html`
- `src/legacy/about-us.cleaned.html`
- `src/legacy/freelance.cleaned.html`
- `src/legacy/freelance-journey.cleaned.html`
- `public/js/freelancerdxb-blog-listing.js`

Unique alt attributes added or corrected

Image file	New alt text
Logos-iso-2.png	ISO certifications
Testimonial1.jpg	Sarah, Freelancer DXB client
Testimonial4.jpg	Ahmed, Freelancer DXB client
Testimonial2.jpg	John, Freelancer DXB client
Testimonial3.jpg	Daniel, Freelancer DXB client
(blog listing JS)	post.title

Note

No extracted chrome folder; testimonials are inlined on 4 pages so the same unique filename mapping was applied on those pages only.

kpmpro.ae

KPM Pro

DONE

FIX 1 - Sitewide logo

Shared chrome + homepage logos set to alt="KPM Pro". Phone icon in header (tel: link with no accessible name) set to "Call KPM Pro".

FIX 2 - Testimonials / reviews

No empty testimonial photos in chrome.

FIX 3 - Blog hub thumbnails

Blog listing JS now uses the post title as thumbnail alt.

Files touched (unique sources)

- `src/legacy/chrome/header.html`
- `src/legacy/chrome/footer.html`
- `src/legacy/homepage.cleaned.html`
- `public/js/kpmpro-blog-listing.js`

Unique alt attributes added or corrected

Image file	New alt text
Logo-KPM-Pro-Services-Color.svg	KPM Pro
ic_sharp-phone.svg	Call KPM Pro
(blog listing JS)	post.title

Note

Inner pages use shared chrome - logos not duplicated across ~185 cleaned HTML files.

snapsale.ae

Snapsale

DONE

FIX 1 - Sitewide logo

Header/footer logos already had descriptive alts. No logo change.

FIX 2 - Testimonials / reviews

Testimonial photos on homepage and about-us set to "Satisfied Snapsale client testimonial" (no reviewer name in adjacent copy). FiveStars-2.svg left as alt="" (decorative).

FIX 3 - Blog hub thumbnails

Blog listing JS now uses the post title as thumbnail alt.

Files touched (unique sources)

- `src/legacy/homepage.cleaned.html`
- `src/legacy/about-us.cleaned.html`
- `public/js/kpmpro-blog-listing.js`

Unique alt attributes added or corrected

Image file	New alt text
Testimonial3.png	Satisfied Snapsale client testimonial
Testimonial-1-background-color-1.webp	Satisfied Snapsale client testimonial
Testimonial-2-background-color-1.webp	Satisfied Snapsale client testimonial
Testimonial-3-background-color-1.webp	Satisfied Snapsale client testimonial
(blog listing JS)	post.title

Note

Stars correctly remain empty-alt decorative images, matching the royalvisa.ae prompt.

saudicompanyformation.com

DONE

Saudi Company Formation

FIX 1 - Sitewide logo

Header logo already had alt. Footer logo new-loco-saudi@4x.png was empty. Footer is exported per page (shared chrome does not swap footer), so the same unique mapping was applied across cleaned HTML.

FIX 2 - Testimonials / reviews

Testimonial portraits already had names (Timothy Patridge, Kate Williams, David Walsh). No change.

FIX 3 - Blog hub thumbnails

Blog listing JS now uses the post title as thumbnail alt.

Files touched (unique sources)

- `src/legacy/*.cleaned.html (footer logo only)`
- `public/js/scf-blog-listing.js`

Unique alt attributes added or corrected

Image file	New alt text
new-loco-saudi@4x.png	Saudi Company Formation
(blog listing JS)	post.title

Note

Header logos were not rewritten. Only the empty footer logo filename was mapped.

movey.ae

DONE

Movey

FIX 1 - Sitewide logo

Shared chrome + homepage logos (Logo-color.png / Logo-white.png) set to alt="Movey".

FIX 2 - Testimonials / reviews

No empty testimonial photos in chrome.

FIX 3 - Blog hub thumbnails

Blog listing JS now uses the post title as thumbnail alt.

Files touched (unique sources)

- `src/legacy/chrome/header.html`
- `src/legacy/chrome/footer.html`
- `src/legacy/homepage.cleaned.html`
- `public/js/kpmpro-blog-listing.js`

Unique alt attributes added or corrected

Image file	New alt text
Logo-color.png	Movey
Logo-white.png	Movey
(blog listing JS)	post.title

Note

Inner pages use shared chrome - logos not duplicated across cleaned HTML files.

Verification and remaining items

How to spot-check (same as the original prompt)

On any page, run this in the browser console:

```
Array.from(document.querySelectorAll('img'))
  .filter(img => !img.hasAttribute('alt') || img.getAttribute('alt').trim() === '')
  .map(img => img.src)
```

Meaningful images should not appear. Decorative stars (Snapsale FiveStars, Freelancer DXB Stars.svg) and small menu icons are expected to return with alt="".

Intentionally not changed

- royalvisa.ae was out of this batch (prompt was used as the method only).
- Decorative mega-menu icons (chat, expand, hire, etc. on connectresources.ae) stay alt="".
- Blog card generators that already used the post title were not rewritten.
- Inner-page logos on sites with shared chrome were not edited page-by-page.
- Snapsale / Freelancer DXB star icons remain empty-alt decorative images.

Suggested TL review

1. Homepage of each site - logo alt is the brand name.
2. About / a service page - inherited chrome, not a second copy of the logo edit.
3. /blog/ or /insights/ - thumbnails expose the article title as alt.
4. Freelancer DXB and Snapsale testimonials - photos have alt; stars stay empty.

Status: implementation complete for all 12 websites
